

**Class Exercise**

Project 3 (Promotion : Style It Takes)

*Last Revised: 03.23.06*

**Assignment**

Each group will be required to make a 10-minute presentation about the style assigned to them.

**Requirements**

1.) Address the following issues and topics:

During what period (dates) did the style flourish?

Who invented and/or popularized the style?

Was the style associated with a particular city? country? geographical region? culture? community?

What factors influenced the creation of the style? economic? political? cultural? technological? other?

Who were five people most associated with the style?

What are five component parts readily associated with the style?

What caused the style to "die"?

2.) Create and utilize visual aids to illustrate your most important points.

3.) Create and distribute a handout to help others remember your most important points.

**Submission**

Further information and/or requirements may be distributed to each group via email, courtesy of the instructor.
